Mastin, of Roanoke, a passenger conductor on the Norfolk and Western Railway, running west of this city, was to-day given a Swiss watch and hand some charm, being a present from his admirers at Keystone, W. Va., and admirers at Keystone, W. Va., and the presentation took place at Keystone this evening.

It takes considerable courage for a doc tor to deliberately prescribe only food for a despairing patient, instead of resorting to the usual list of medicines.

There are some truly scientific physicians among the present generation, who recognize and treat conditions as they are and should be treated, regardless of the value to their pockets. Here's an

"Four years ago I was taken with severe gastritis, and nothing would stay on my stomach, so that I was on the verge of

starvation.

"I heard of a doctor who had a summer cottage near me—a specialist from N. Y.—and as a last hope sent for him."

"After he examined me carefully he advised me to try a small quantity of Grape-Nuts at first, then as my stomach became stronger to eat more.

Grape-Nuts at first, then as my stomach became stronger to eat more.

"I kept at it, and gradually got so I could eat and digest three teaspoonfuls. Then I began to have color in my face; memory became clear, where before everything seemed a blank. My limbs got stronger and I could walk. So I steadily recovered.

"Now, after a year on Grape-Nuts, I weigh 153 lbs. My people were surprised at the way I grew fleshy and strong on this food."

CAREFUL DOCTOR MANCHESTER MAN DIES OF POISON

Charles Harvey Greenwood Drinks Carbolic Acid After Long Being Ill.

Charles Harvey Greenwood, of 411 Cowardin Avenue, Manchester, com-mitted suicide early yesterday morning by drinking part of a bottle of carbolic acid, death resulting in a short time from cardiac paralysis brought on by the drug. Mr. Greenwood was an Eng-lishman by birth, thirty-seven years of age, and is survived by his wife and one child.

or age, and is survived by his wife and one child.

Long continued ill health, which had prevented his continued employment as a street car motorman, is believed to have caused the depression which led to his self-destruction. On Friday night he was at home with his family in his usual apicits, and on retiring gave no sign of unusual depression or mental disturbance. The poison is believed to have been taken about 5:30 or s o'clock. His wife, on trying to awake him, found his apparently lifeless body where it had falled, and while friends were sent to summon the family physician, Dr. E. T. Rucker, efforts were made to apply home restoratives, a partly empty bottle of carboile acid lying on the floor telling plainly the story of what had happened.

Efforts at resuscitation proved fu-

tile, the doctor pronouncing life extinct after but a brief examination, and Coroner Broadnax was at once summoned. An inquest was decided to be unnecessary, as the cause of death was evident. The body was turned over to Undertaker Morrissett to be prepared for burial, and will be shipped to Paces', Halifax county, this morning, leaving on the Southern train at 6:20 o'clock. The funeral will take place at Paces' this afternoon at 3:30 o'clock, from the home of W. H. Burgess, father-in-law of Mr. Greenwood.

Animated Discussion in Western Carolina Methodist Conference.

[Special to The Times-Dispatch.]

HICKORY, N. C., November 30.—
The Western Carolina Conference held two sesions to-day, and much business was transacted. The reading of the appointments is looked for on Monday, unless this be delayed by the report of the committee of trial in the case of Rey, C. F. Sherrill. No report from the committee has yet been made to the conference.

The remaining delegates to the general conference were elected to-day, these being Revs. J. C. Rowe, H. K. Boyer, G. H. Detwiler and W. L. Sherrill. with Rev. S. B. Turrentine, W. R. Ware and R. M. Hoyle, as alternates. The remaining alternate lay delegates were elected—H. A. Hayes and J. S. Martin.

After the passing of the characters of the superannuated and supernumerary preachers. Bishop Atkinsurged the conference to establish an emergency fund for superannuates, so that each preacher can receive financial aid as soon as he superannuates, instead of being forced to wait a year as is the case at present. A motion was carried to set aside 5 per cent. of the amount contributed for conference claimants next year as an emergency fund for this purpose. D. C. Ballard was located, on account of the micency on motion of R. M. Taylor. Animated discussion followed the presentation of the report of the committee on Sabbath observance, and finally the recommendation that the conference discourage the use of trains and street wars on the Sabbath, espan

stricken out and the substitute of Rev. Plato Durham was adopted. The sub-stitute read that such Sunday travel
